## visibilINVISIBILE

Opening 09/07 h. 18.30  
9 - 30 July

The AMY D Arte Spazio gallery is pleased to present “visibilINVISIBILE”, first personal exhibition in Italy of the Spanish artist Pepe Morales.

The exhibition opens at 6.30 PM in Milan the 9th July. It is promoted by Augusto de Marsanich and accompanied by critical text of Luciano Caramel.

In the exhibition painting works and drawings that retrace the long artistic activity of Morales, born in Palma del Rio, Cordova, in 1933.

“visibilINVISIBILE” is the decryption in thick plot of all his artistic production.

Art as invisible’s visibility and invisibility as the only certainty of the life.

The immediate and dualistic distinction of the invisible and the visible is rejected because they are the one for the other, the front and rear because they always are one behind the OTHER.

The subtitle – track – refers to what remains, the symbol and the figure of an artist for which “the visible is nothing else that a pregnant quality of a plot, the surface of a deepness”.

Maurice Merleau-Ponty (*The Visible and the Invisible*, 1964)

I dedicate to the artist Pepe Morales these words of Pablo Picasso:

“There are painters who transform the sun to a yellow spot, but there are others who with the help of their art and their intelligence, transform a yellow spot into sun”
